Kentucky Shorthorn Breeders
Lexington, Ky.

50 Head

April 23, 1947

Tomahawk, 1945 International Grand Champion Steer with field force of American Shorthorn Breeder's Ass'n.

Kentucky Shorthorn Breeders' Assn.

SALE

April 23, 1947 — Lexington, Ky.

ASSOCIATION OFFICERS

JOHN W. CLARKE, Maysville, Ky.	President
H. B. MAHAN, Prospect, Ky.	Vice-President
JAMES A. KING, Louisville, Ky.	Secretary-Treasurer

Catalog Printed by McCowat-Mercer Press, Jackson, Tennessee

Information For The Buyer

TIME: Wednesday, April 23, 1947. SHOW 10:00 A.M.—SALE 1:00 P.M.

LOCATION: Tattersall's Sale Pavilion, 847 South Broadway, Lexington, Kentucky. The sale pavilion is located within the city limits of Lexington.

SALE HEADQUARTERS: Hotel Lafayette, Lexington.

GUARANTEE: All cattle have passed a negative test for Tuberculosis and Bang's disease within a period of 30 days prior to the sale, and proper health certificates will be furnished. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd when under 20 months of age. If a bull fails to breed he may be returned to the seller, if in as good condition as when bought and if after a test in the seller's herd he still fails to breed he will be replaced or the purchase money refunded. All cows and heifers over 16 months at the time of the sale are guaranteed breeders. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. Animals returned to sellers because they do not comply with the guarantee will be at buyer's cost of transportation.

The above guarantee shall constitute a contract between consignor and buyer of each lot. Neither the Sale Manager, Clerk of the Sale, nor Kentucky Shorthorn Breeders' Association assumes any liability, legal or otherwise.

TERMS: The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All animals are at the buyer's risk as soon as bid off, but will not be released until settled for.

REGISTRATION: A certificate of registration with properly recorded transfer of ownership will be furnished for each lot sold, and an application for registry furnished for each calf sold at foot and for each unborn calf sold in dam.

MAIL BIDS: Those wishing to buy at this sale who cannot be present may send their bids to C. K. Tomson, Secretary of the American Shorthorn Breeders' Association, 7 Dexter Park Ave., Chicago, Ill.; to Hal Longley of the Shorthorn World, 16 So. Locust St., Aurora, Ill.; Lloyd Crouch of the Indiana Farmer's Guide, Huntington, Ind.; or to the Sale Manager.

AUCTIONEER: J. E. Halsey, Des Moines, Iowa.

SALE MANAGER: Dan T. Cox, The Plains, Virginia.

Kentucky Shorthorn Breeders' Association

JAMES A. KING, 1908 Howard St., Louisville, Ky., Secretary

The American Shorthorn Breeders' Association will reimburse any purchaser or group of purchasers, who buy and ship a carload of ten lots or more from this sale to one destination, up to a maximum of \$200.00. Why not contact other breeders in your locality in an effort to consolidate one shipment?

KENTUCKY SHORTHORN BREEDERS' ASSOCIATION SHOW

WEDNESDAY, APRIL 23, 1947 — 10:00 a.m.

SHOW CLASSIFICATION

For the purpose of this show, all animals have been divided into classes according to age and sex. There will be seven classes. First prize animals in each class will be eligible to show for championships.

KOREANDALE RADIANCE—A dark red, smooth son of Divide Radiance 2d, full brother to Divide Grand Duke, the \$4000 son of Duke of Killearn. He has a grand head and what it takes to make a good stock bull. We have a number of cows and heifers bred to him, but having purchased Imp. Marshall Monty at the 1946 International Sale, we have decided to sell him. This well bred, rich colored, quality bull will do someone a lot of good. Vaccinated for Bangs.

RANSOM ELECT, sired by the Ontario Agricultural College's herd bull, Millhills Bridal Archer (Imp) by Collynie Elect by Aldie Conqueror. This calf has a wonderful head and should make someone a real herd sire. His dam is an excellent cow of Millhills Ransom breeding.

The Ideal Type Shorthorn Bull

For two centuries the Shorthorn bull has played a dramatic part in the progress of every improved breed of cattle by lending to them his sturdier bone, greater constitution, superior ability to transform feeds into beef and increase milk production of his daughters.

This illustration will serve as a guide in selecting a herd bull. He represents superior modern type—low-set, deep and wide of body, blocky at both ends with a straight top and deep flanks. In fleshing quality he is smoothly, uniformly and thickly covered from shoulder points to pin bones. His good depth through the fore flank denotes stamina. Sex character is strongly pronounced in the shape and size of his head, neck and shoulders. He combines correct type with excellent breeding and evidences the ability to sire deep fleshed, early maturing calves.

STROWAN CONQUEROR—This low-set, good-headed, heavy boned calf is a grandson of the famous Aldie Conqueror. His dam is an excellent cow and a granddaughter of the champion Raveni Masterpiece. Aldie Conqueror is one of the most noted bulls ever used in Scotland. With such ancestry, this young bull cannot fail to make a successful sire.

SHORTHORNS LEAD IN RATE-OF-GAIN

A project that has gained nation-wide attention in the cattle industry because of its feature class of "calf with greatest daily gains and as prime beef on the hoof," is the Michigan Beef Calf feeding project held annually in Lansing, Mich. This year coming on February 13, it has 60 head of calves of all breeds competing. Shorthorns were first, second, fifth and sixth over all breeds in the rate of daily gain, as well as grand champion over all in the combination class. The greatest daily rate of gain was established at 2.94 by a Shorthorn calved Sept. 3, 1945, which achieved the total weight of 1,180 lbs. The grand champion in the combination class achieved an average daily gain of 2.587 lbs. and placed fifth in the rate of gain class and fourth in open class. At the 1946 show Shorthorns won six of the first nine top placings in the rate of gain class, including the first two high awards.

Whether it is prime beef or quick return on purebred investment, Shorthorns ARE FIRST ACROSS THE SCALES to return cash income for labor and investment. Buy in this sale and start producing the SUPREME PROFIT kind.

The Ideal Type Shorthorn Female

This ideal type Shorthorn female adds one more significant chapter to man's incessant attempt to make good things better. She illustrates the type that when mated to an outstanding bull, is one hundred percent able to maintain the excellence of the extreme tops in a leading herd. She is short-legged, heavy-fleshed, low-flanked, straight in her lines, well set on four good legs, wide across her top, full and deep in side and heart girth, denoting her constitution and feeding capacity. She has smoothness of flesh, is near to the ground, has an abundance of style and impressive character, and has the best of heads.

MARSHALL MONTY

Roan, calved March 27, 1945

Bred by A. J. Marshall, Scotland; owned by Koreandale Farms, Morganfield, Ky.

Marshall Monty is a very low-set, well balanced young bull with a wonderful head. He stood second in class at Illinois, Missouri and Iowa State Fairs. His sire, Cruggleton Aircraft, was second Reserve Champion at Perth in 1944 and sold for 3000 guineas. Koreandale Farms purchased this great young bull at the 1946 International for \$2,500 and he should prove an excellent sire. Lots 15 and 17 will sell bred to Marshall Monty.

A Parade of Champions Over All Breeds

Not for a quarter century has such an impressive parade of Shorthorn steers been made grand and reserve grand champions over all breeds as have passed before the beef cattle judges at state and county fairs thus far in 1946. Shown here are a few of them. The parade began with the winning by the purebred Shorthorn steer Tomahawk, the grand championship over 1,640 entries of all breeds, at the 1945 Chicago Market Fat Show, war substitute for the International, and ended with the grand championship on December 17 at the Bourbon Beef Show at Louisville, Ky., where the 1250-lb. Bourbon Mercury won over 400 steers of all breeds. He is pictured on the front page of this catalog with his exhibitor, James N. Keller of Paris, Ky. He was bred by Luther K. Rice of Paris, Ky., and sired by a son of Calrossie Mercury, 1939 Perth, Scotland Supreme Champion.

Back of all this is a story of strong purebred Shorthorn bloodlines, of vision and genuine know-how on the part of the exhibitors. In many instances the steers were sired by International grand champion bulls or others equally high in rank in the showing parade.

The record of the Shorthorn breed is 400 years old, and yet today is as modern as the A-Bomb. Here is up-to-date performance in tune with present market demands, under present conditions, present prices, present costs. Buy Shorthorns, the supreme money-makers.

53 FEEDERS NET \$10,000 PROFIT IN 12 MONTHS

Shown here is 19-year-old Albert Fritzler of Sterling, Colo., with his grand champion group of three steers over all breeds at the 1946 Denver National Western Stock Show. Individually they won ch., res. ch., and 2d prize in the Shorthorn division, and res. gr. champion of the junior show of 1,000 steers of all breeds. They are from a load of 53 feeders, res. gr. ch. over all at the 1945 Denver show on which young Fritzler netted over \$10,000 profit in one year. He paid \$6,902.45 for the load. Sixteen head sold at the 1945 Chicago Fat Stock Show for \$10,638; 16 sold at Denver for \$3,688; another 19 sold on the open market for \$3,800 and two sold at the Fort Worth (Texas) Fat Stock Show for \$1,578. Add another \$1,000 in prize money and you have a record of which any long-experienced feeder could be proud. **YOU CAN'T BEAT SHORTHORNS AS MONEY-MAKERS.**

CLARIBEL—Maxwalton Nominee has gotten a lot of good calves for us and here is one of the best. We did not want to put her in the sale but the inspection committee urged us to do so. She is backed up by top breeding. Sells open.

Revamping the "Shorthorn Way"

The 96 bulls shown above are part of a purchase of 500 Shorthorn bulls by the Kern County Land and Cattle Co., Bakersfield, Calif., the largest ranching operation in North America, for a program of cross-breeding on 48,000 whiteface cows for their ranches in New Mexico, Arizona, and Oregon in order to **RECOVER THE WEIGHT IN STEERS** that has been lost annually by straight breeding. The Hall Cattle Co., prominent commercial cattle producers at Alliance, Nebr., credits 88 lbs. of extra weight on their steers sent to market off grass as yearlings, to the 50 percent Shorthorn bulls used in the herd. The H. Moffat Co., of Elko County, Nev., the West's largest combined meat-packer and producer uses **SHORTHORN BULLS** on 16,000 whiteface cows **BECAUSE STEERS WERE BECOMING LIGHT-BONED** from straight breeding. Many other large commercial producers are buying Shorthorn bulls for the same reason. They are finding increased **PROFITS** resulting from the **GREATER WEIGHT AND EARLIER MATURITY** of **SHORTHORN BLOOD**, best in every **WEIGH**.

----------------------------------	----

SHORTHORN STEERS made a clean sweep of the *GRAND AND RESERVE GRAND CHAMPIONSHIPS* over 1,425 head of all breeds at the 1946 Chicago International Livestock Show. They went on to win the champion three-steer and get-of-sire groups over all breeds for the first time in the 47-year history of the International, when one breed monopolized single and group championships. The Grand Champion later sold at a new all-time record for the Chicago International of \$10.50 a lb. to total \$14,490 to the Firestone Tire and Rubber Co., Akron, Ohio. He immediately began a 22,000 mile educational tour of the country in a \$12,000 specially constructed trailer. Watch for notice of these exhibitions in your territory. (The Shorthorn steer,

Tomahawk, was Grand Champion of the 1945 Chicago Fat Stock Show and set the then International record of \$10 a lb.)

Shown above (left) is the Grand Champion, ROYAL JUPITER; (right) the Reserve Grand Champion, WYOMING CHALLENGER STANDARD; and (below), the winning three-steer group including the reserve grand champion.

These steers demonstrate the well-established Shorthorn profit characteristics combining greater weight with modern type and choice quality conformation. The Grand Champion steer weighed 1,380 lbs. at 22 months of age. *Extra pounds produce extra profits. REMEMBER—Shorthorns, Best in Every WEIGH!*

Fastest Growing Membership

1942	1943	1944	1945	1946	5-Year Total
1,335	1,829	1,757	1,910	2,096	8,962

The all-time high of 2,096 members joining the American Shorthorn Breeders' Association in 1946, followed by the all-time 5-year record for any beef breed of 8,962, now puts the Shorthorn Breeders' Association in the lead as the fastest growing beef breed association. In 10 years, annual registrations have

doubled and transfers have jumped 144 percent. Save 50% in recording and transfer fees by joining America's most popular beef-milk breed association. For complete information write to American Shorthorn Breeders Association, Dept. SC-2, Union Stock Yards, Chicago 9, Ill.
